

Dear Parents

Food allergies are a growing concern in schools and daycares, children who are otherwise perfectly healthy must watch every single thing they eat or risk suffering a severe, sometimes life threatening reaction.

We currently have children in our care with severe allergies to

-
-
-

The parents of these children take an active role in managing the allergies but we would appreciate it if you keep this in mind when preparing your child's lunch.

Food allergies are becoming more common and we must do all we can to provide all students with a safe learning environment. With your help we can achieve this goal.

We appreciate you joining us to help manage food allergies in our classroom and school.

Thank you in advance for your cooperation and assistance.

Yours sincerely

“Teacher”
